Praise God that He is already beginning to provide. The church immediately launched into rebuilding and repairing because the Kenya academic school year begins in January. Recently AIC Zion reported the following has been done:

- Many of the destroyed desks have been replaced.
- Temporary offices for the teachers have been set up in other parts of the compound.
- The rebuilding of the compound fencing is in progress.
- Have begun repair work in the women's hall and classrooms in Block B
- Foundation work on Building Block C has started.
